More information on the back.

Beginning Archery Course (8-week course)

This beginning archery class offers instruction in the basics of archery skills, safety, equipment identification, and proper form.
Students need to be 8 years of age or older.

Beginning Archery sessions give the new archer the foundations necessary to properly execute an archery shot with consistent accuracy. Sessions will focus on safety, basic techniques and drills. Coaches will give archers increasing challenges at greater distances, but each archer will advance at their own pace. Sessions regularly include games to help keep the learning process fun. Course taught by USA Archery certified instructors. Class size: min 6/max 12 students. Students are welcome to use their own equipment. Training equipment is available for use.

BORCC Archery is excited to announce our partnership with Michiana Archery. Michiana Archery has been a strong supporter of BORCC Archery since we started our Beginning Archery Courses in 2015. Michiana Archery has a beautiful, recently remodeled range. Michiana Archery also has a fully stocked retail store and a full-service Pro Shop. BORCC Archery believes this partnership will mutually benefit our program and Michiana Archery.
